[REDACTED] - GS-05 to GS-06

25X1A9a

1. It is recommended that [REDACTED] be promoted to GS-06.

2. Despite our relatively brief association it is quite apparent already that a promotion for [REDACTED] 25X1A9a is justified both on the basis of her skills as well as on her attitude toward the job.

3. Of special importance to me is [REDACTED] enthusiasm, 25X1A9a responsiveness and productivity. She has plunged with vigor into the world of OD&E supported work and its special problems. An example of this is the new technical, fiscal and viewgraph file system which [REDACTED] is putting together 25X1A9a with the guidance of [REDACTED] Continual updating of 25X1A9a this system will require the intelligent integration of much information, in addition to the associated typing required.
